

VISION2024

CAPITAL CAMPAIGN

ST. LUKE COMMUNITY UMC CAPITAL CAMPAIGN FREQUENTLY ASKED QUESTIONS

What is a capital campaign and why are we conducting one?

A capital campaign is a fundraising effort aimed at upgrading, preserving and making needed repairs to our building to make it a safe and even more inclusive space for our ministry and community partnerships. This will be a \$10 million campaign. The Leadership Team is working on identifying what the scope of work will cost.

Capital campaign gifts are generally "above and beyond" giving from regular tithes and offerings, which support the day-to-day operations and ministries of the church. Full participation by the congregation is important especially to outside funders who want to see strong internal support.

Who is leading the campaign?

The leadership team is led by co-chairs David and Tracey Huntley, Dr. Frederick and Linda Todd, Dr. Delanor Doyle, Vicki D. Blanton, Esq., Pastor Richie Butler, and Dennis Coleman, our Generosity Chair.

Why is it important to have 100% participation from the congregation in a capital campaign?

When outside funders and donors see that a congregation has strong internal support, it indicates a well-run campaign where everyone is working together. Outside funders find it more compelling to donate when they see that kind of unity and enthusiasm.

How do I donate?

Every gift is important! Partners will train congregation members to solicit members of the congregation. Each potential gift "ask" will be made carefully and with consideration for each person's circumstances. Each St. Luke member should wait to be asked for a gift. Please contact Dennis Coleman at 214.924.5397 or dc@slcumc.org to arrange a time to meet.

If I make a pledge now, how long can I spread out my gift?

Timing for payments can be set up at the donor's discretion. We will be collecting funds pledged from 2024 through 2027. Gift solicitors will provide you with a pledge form to complete and return to the church, or you can give electronically.

Is there anything else that I should know about the capital campaign that is important to share?

Yes! St. Luke's annual economic impact in North Texas is \$5,744,888! Everyone should be *all in* for this campaign to succeed.

How did St. Luke come up with \$10 million?

In 2023 St. Luke engaged the services of Partners for Sacred Places to conduct a feasibility study (can St. Luke do it?) and HALO Study (St. Luke's economic impact on its community and the city of Dallas). Based on the feasibility study, which included interviews (in person and virtually) with congregants and outside stakeholders, we concluded that St. Luke could safely raise \$10 million for its capital campaign.

Who is Partners for Sacred Places and how did it become involved with the capital campaign?

St. Luke understood the need for professional support to embark on such an endeavor and searched for a firm that had experience in conducting a capital campaign. But not just any campaign, a capital campaign for a church.

Partners for Sacred Places (“Partners”), founded in 1989, is the only national, non-sectarian, nonprofit organization focused on building the capacity of congregations of historic sacred places to better serve their communities as anchor institutions, nurturing transformation, and shaping vibrant, creative communities.

Partners and three other firms submitted proposals and were interviewed. Partners was selected by St. Luke’s Board of Trustees Chair, Generosity Chair, Finance Chair, Pastor Butler, Pastor Mayberry, the Vision 2024 Co-Chairs, and the Church Treasurer.

Gianfranco Grande, Partners’ Executive Vice President, is leading this capital campaign on Partners’ behalf. Gianfranco brings more than 25 years of experience in management of nonprofit organizations and capital campaign fundraising.

Who is the architect and who handles the rendering?

The architect is Charyl McAfee-Duncan, FAIA, with McAfee³ Architects, Inc. McAfee³ is a 100% female-owned African-American architecture firm with headquarters in Atlanta, GA, and offices in Dallas, TX, and Wichita, KS. Founded in 1963 by Charles F. McAfee, FAIA, NOMA, the firm transitioned ownership in 2006 to his daughters Charyl and her sister Cheryl L. McAfee, FAIA.

When will the capital campaign begin?

The campaign has started. In 2023 St. Luke conducted its feasibility and HALO studies. The results of that shaped the \$10 million campaign, and the HALO study results were shared with the congregation.

We are currently in the campaign’s silent phase. During this phase, we are securing foundational gifts, with a goal of attaining 80% (\$8 million) of the \$10 million.

On September 15, 2024, we will announce our results, and the campaign’s public phase will begin.

Will there be a church-wide town hall for Q&A?

Yes, the town hall will be held Sunday, September 15, 2024, in the sanctuary immediately following our worship celebration. This will be an in-person session.

Do you have a minimum pledge amount?

No. This campaign is community-wide, and no sacrifice is too small.

Do I need to wait until September 2024 to start giving?

No, if you are ready to make a pledge to the campaign, you can contact Dennis Coleman, our Generosity Chair, at dcoleman@slcumc.org, and he will be happy to help you get started.

How can I get more information about the campaign?

If you have questions or need campaign materials, including the case statement, please contact Dennis Coleman at dc@slcumc.org or 214.924.5397.
